Motorrad und Rollerreifen Technisches Handbuch

gültig ab 01.01.2010

**QUALITÄT
MADE IN
GERMANY**

- ➔ Zertifiziertes Qualitätsmanagement nach DIN EN ISO 9001:2000
- ➔ Eigene Forschungs- & Entwicklungsabteilung
- ➔ Modernste Fertigungsanlagen höchster Qualität
- ➔ Individuelle Lösungen

Das sind wir

Zweirad-, Kart-, Industrie- und Spezialbereifung: Kompetenz und Qualität auf technologisch hohem Niveau

Seit nunmehr über 60 Jahren wird im Reifenwerk Heidenau bewegte Unternehmensgeschichte geschrieben.

“Höchste Qualität und Flexibilität“

1946 gegründet, beschäftigte sich das Unternehmen bis 1952 zunächst mit der Herstellung von Gummiiformartikeln. Daran schloss sich die Produktion der ersten Heidenau-Reifen an. Von 1959 bis 1993 war das Reifenwerk Heidenau zudem für die Produktion aller Zweirad-Reifen der Marke Pneumant verantwortlich. Die Reifenwerk Heidenau GmbH & Co. KG in ihrer heutigen Form wurde 1993 gegründet und der Produktionsschwerpunkt auf die Herstellung von Zweirad-, Kart- und Spezialbereifung ausgelegt. Im Vordergrund stehen dabei selbstverständlich die Interessen unserer Kunden. So verfolgen wir aufmerksam Veränderungen am Markt und reagieren umgehend auf neue Trends. Das hindert uns jedoch nicht an der Pflege des Traditionellen.

Oldtimer-Fans auf der Suche nach klassischen Reifen, werden bei uns ebenso fündig, wie die Freunde moderner Motorräder und Roller.

Unsere anpassungsfähigen Fertigungsabläufe ermöglichen uns auf spezifische Anforderungen einzugehen, individuelle Lösungen zu erarbeiten, sowie auch kleine Losgrößen bei spezifischen Aufträgen zu fertigen.

Ausgehend von 35 Dimensionen im Jahre 1993 bieten wir mittlerweile ein Sortiment von 550 Reifenausführungen für unterschiedlichste Anwendungsbereiche an. Dies ist der beste Beleg für die kontinuierliche Entwicklung des Unternehmens. Unser Erfolg im internationalen Wettbewerb gründet sich auf die ständige Verbesserung unserer Fertigungsverfahren und Produkte, sowie den intensiven Kontakt zu unseren Kunden.

Erläuterung zum Reifenaufbau

➔ Karkasse

Sie besteht aus mehreren Lagen mit wechselnder Fadenrichtung, und verleiht dem Reifen seine Form und Festigkeit.

➔ Lauffläche (Protector)

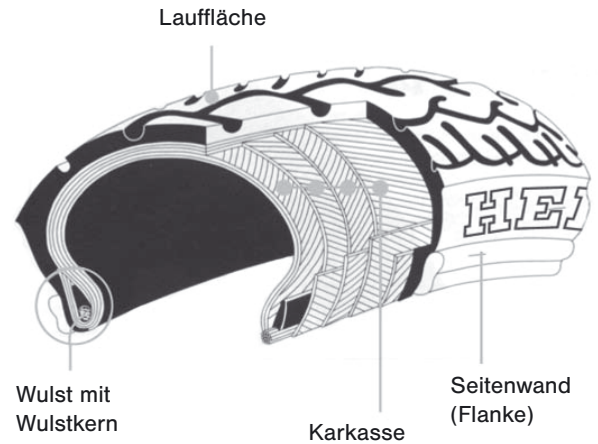

Sie stellt den Kontakt zur Fahrbahn her. Materielle Zusammensetzung und Profilierung richten sich nach dem Verwendungszweck des Reifens.

➔ Seitenwand (Flanke)

Sie überträgt die Umfangs- und Seitenkräfte, bestimmt aber auch maßgeblich die Feder- und Dämpfungseigenschaften des Reifens. Auf ihr sind alle wichtigen Kenndaten des Reifens aufgebracht.

➔ Wulst mit Wulstkern

Sie stellt, z.B. beim Bremsen und Beschleunigen, die Verbindung zwischen Reifen und Felge her. Hierfür werden die Enden der Karkassen um den Wulstkern, einem Ring aus Stahldrähten, umgeschlagen.

Felgentypen

Die Entwicklung in der Fahrzeugtechnik brachte im Wesentlichen zwei Felgensysteme hervor, deren Unterschied, neben konstruktiven Merkmalen, hauptsächlich in der Notwendigkeit der Verwendung eines Schlauches liegt.

Reifen mit Schlauch (TT)

Für Reifen mit Schlauch wird die WM-Felge, oder bei Motorrollern auch eine zweiteilige Felge, eingesetzt.

WM-Felge für Reifen mit Schlauch (TT)

Zweiteilige Felge mit geteilter Radscheibe für Motorrollerreifen mit Schlauch (TT)

Reifen ohne Schlauch (TL)

Für schlauchlose Reifen wurden zunächst die MT-Felge und später die MT H2-Felge, eine Felge mit Hump, eingesetzt. Dieser verhindert bei Luftdruckverlust das Abrutschen des Reifens in das Tiefbett der Felge.

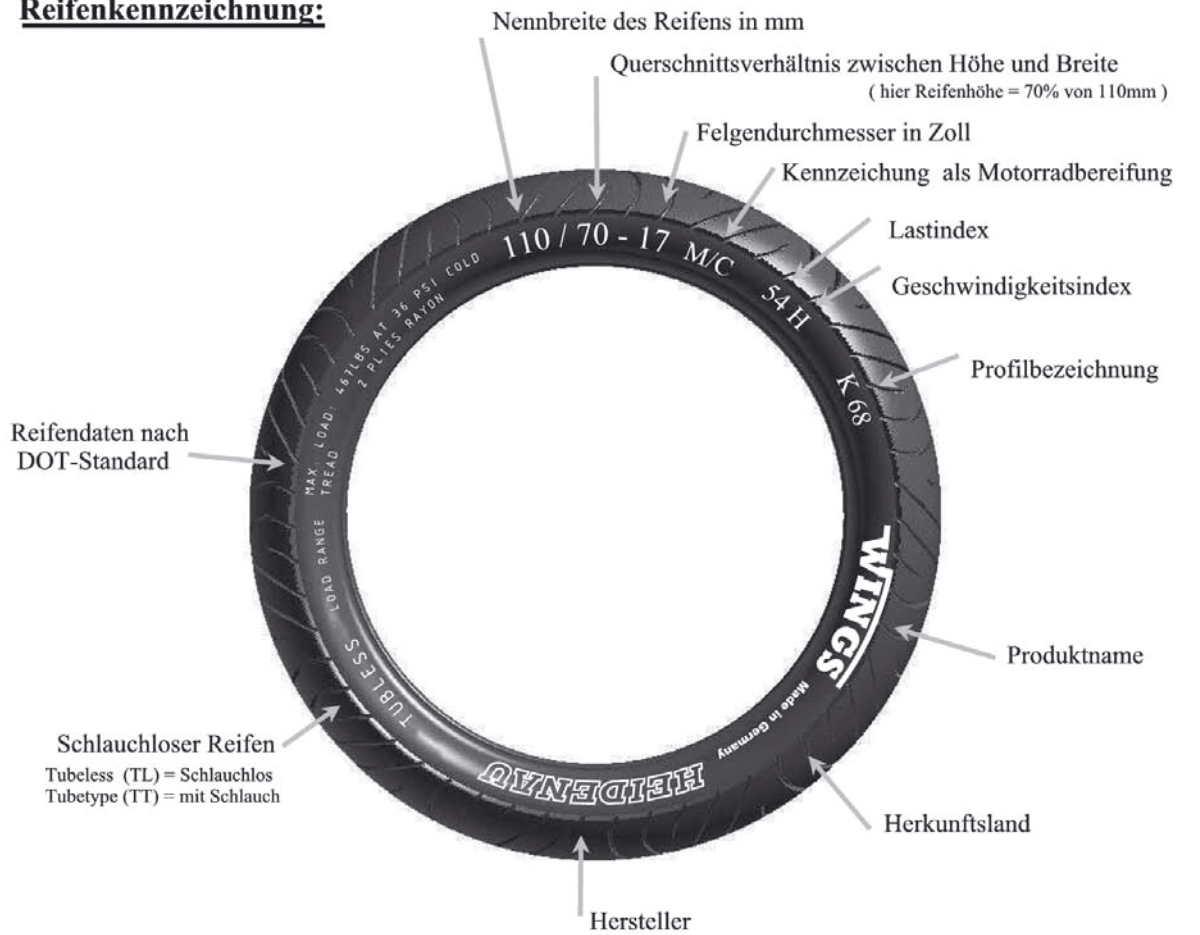

MT-Felge geeignet für Reifen mit und ohne Schlauch (TT und TL)

MT H2-Felge für alle TL-Reifen

Reifenkennzeichnungen

Reifenkennzeichnung:

Geschwindigkeitsindex / Lastindex / Ausnahmen

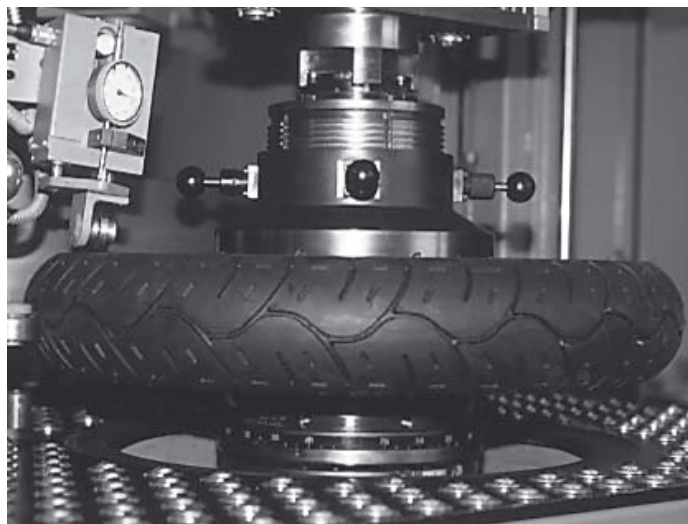

Der Geschwindigkeitsindex gibt die zugelassene Höchstgeschwindigkeit des Reifens an.

Geschwindigkeitssymbol	B	J	K	L	M	N	P	Q	R	S	T	U	H	V	Z	W	Y
Geschwindigkeit (km/h)	50	100	110	120	130	140	150	160	170	180	190	200	210	240	>240	270	300

Lastindex

Der Lastindex gibt die zulässige Tragfähigkeit des Motorradreifens an.

LI	kg	LI	kg	LI	kg
26	95	46	170	61	257
28	100	47	175	62	265
29	103	48	180	63	272
30	106	49	185	64	280
31	109	50	190	65	290
33	115	51	195	66	300
34	118	52	200	67	307
35	121	53	206	68	315
36	125	54	212	69	325
38	132	55	218	70	335
41	145	56	224	71	345
42	150	57	230	73	365
43	155	58	236	74	375
44	160	59	243	77	412
45	165	60	250		

Reifen unterliegen, gerade bei großen Zuladungen sowie bei hohen Geschwindigkeiten, starken Belastungen. So werden bei HEIDENAU genau diese Eigenschaften ständig intensiv geprüft, um Sicherheit selbst in schwierigen Fahrsituationen zu gewährleisten.

Es ist möglich, den Reifen bei fahrzeugbedingter reduzierter Höchstgeschwindigkeit mit einer höheren Radlast zu fahren. Die Änderung der Last kann mit der nachfolgenden Tabelle berechnet werden.

Geschwindigkeit in km/h	Geschwindigkeitssymbol bis 12 Zoll			Geschwindigkeitssymbol über 12 Zoll			
	J	K	L, M	J	K	L, M, N	P bis H
50	30 %	30 %	30 %	30 %	30 %	30 %	30 %
60	23 %	23 %	23 %	23 %	23 %	23 %	23 %
70	16 %	16 %	16 %	16 %	16 %	16 %	16 %
80	10 %	10 %	10 %	10 %	10 %	10 %	14 %
90	5 %	5 %	7,5 %	5 %	5 %	7,5 %	12 %
100	0 %	0 %	5 %	0 %	0 %	5 %	10 %
110	-7 %	0 %	2,5 %		0 %	2,5 %	8 %
120	-15 %	-6 %	0 %			0 %	6 %
130	-25 %	-12 %	-5 %				4 %

Ausnahmen bei Racing - Reifen

Für Heidenauer Rollerracingreifen gelten besondere Tragfähigkeitsabschläge bei höheren Geschwindigkeiten:

Geschwindigkeit in km/h	100	110	120	130	140	150	160
Reduzierung der Tragfähigkeit in %	0	-10	-20	-25	-30	-35	-40

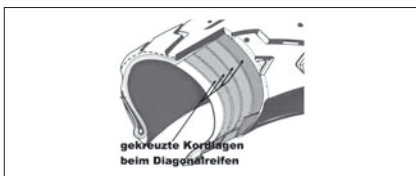

➔ Diagonalreifen

Bei dieser Reifenbauart sind die in die Karkasse eingebrachten Fäden schräg, etwa im Winkel 30 – 40°, angeordnet. Sie werden durch einen Bindestrich in der Dimensionsbezeichnung gekennzeichnet z.B.: 130/90 - 15 (66S).

➔ Diagonal-Gürtelreifen

Der Aufbau eines Diagonal-Gürtelreifens ist mit dem herkömmlichen Diagonalreifen identisch, jedoch sind zusätzlich in Umfangsrichtung Gürtellagen aufgebracht. Sie werden mit einem „B“ in der Dimensionsbezeichnung versehen, z.B.: 130/90 B 16 (73H) TL.

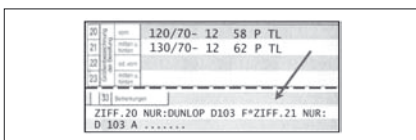

➔ DOT (Department of Transport)

Nachweis, dass der damit gekennzeichnete Reifen den Bestimmungen des US-Verkehrsministeriums entspricht. Die letzten 4 Zahlen des Identifizierungscode geben den Herstellungszeitraum an. So ist zum Beispiel ein Reifen mit einer DOT- Nummer, welche auf 4503 endet, in der 45. Kalenderwoche im Jahr 2003 produziert worden.

➔ Fabrikatsbindung

Eine Fabrikatsbindung besteht dann, wenn im Fahrzeugschein neben Reifengröße, Last- und Geschwindigkeitsindex, ein Reifenfabrikat oder ein bestimmtes Profil eingetragen ist.

➔ Flanke (Seitenwand)

Die Flanke hat die Aufgabe, Umfangs- und Seitenkräfte zu übertragen und trägt maßgeblich zu den Dämpfungs- und Federungseigenschaften des Reifens bei. Des weiteren sind hier Informationen über die Technischen Daten aufgebracht.

➔ Felgen

Felgen sind technisch genormt und unterscheiden sich neben konstruktiven Merkmalen hauptsächlich darin, ob eine Eignung für Schlauchlose oder für Reifen mit Schlauch vorliegt. Bei der Montage ist darauf zu achten, dass nur eine zugelassene Reifen-Felgen-Kombination gewählt wird. Eine zu schmale oder zu breite Felge darf nicht verbaut werden, da die daraus resultierende Veränderung der Laufflächenkontur sich ungünstig auf das gesamte Fahrverhalten auswirkt.

➔ Diagonalreifen

Bei dieser Reifenbauart sind die in die Karkasse eingebrachten Fäden schräg, etwa im Winkel 30 – 40°, angeordnet. Sie werden durch einen Bindestrich in der Dimensionsbezeichnung gekennzeichnet z.B.: 130/90 - 15 (66S).

➔ Geschwindigkeitsindex

Weist die zugelassene Höchstgeschwindigkeit eines Reifens mit Hilfe eines Indizierungsbuchstabens aus.

➔ Karkasse

Die Karkasse verleiht dem Reifen seine Form und Festigkeit. Sie besteht beim Diagonalreifen aus mehreren Kordlagen, wobei sich bei jeder Lage die Richtung der darin eingebrachten Fäden ändert. Dabei sind sie schräg zur Laufrichtung (etwa 30 - 40°) ausgerichtet.

➔ Lastindex (LI)

Der Lastindex gibt die zulässige Tragfähigkeit eines Motorradreifens mit Hilfe einer Indizierungszahl (Codezahl) an. So kann mit Hilfe einer Tabelle die maximale Belastbarkeit des Reifens in kg abgelesen werden (Tab.X). Der Lastindex wird auch als Tragfähigkeitskennzahl bezeichnet.

➔ Lauffläche (Protektor)

Die Lauffläche stellt den Kontakt zwischen Fahrzeug und Fahrbahn her. Ihre Profilierung und materielle Zusammensetzung richtet sich nach seinem Verwendungszweck und somit nach den im Betrieb auftretenden Fahrbahnverhältnissen.

➔ M/C

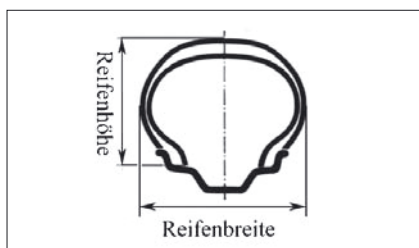

Ist die Abkürzung für „Motorcycle“ und soll sicherstellen, dass Verwechslungen mit PKW-Reifen gleicher Dimension ausgeschlossen werden können. Erhebliche Unterschiede in den „Felgeneckpunktdurchmessern“ sind der Grund, dass mit M/C gekennzeichnete Reifen nur auf Motorradfelgen montiert werden dürfen.

➔ N.H.S.

Ist die Abkürzung für „Not Highway Service“. Reifen mit dieser Bezeichnung sind für sportliche Einsätze im Gelände oder auf der Rennstrecke konzipiert, und nicht auf öffentlichen Straßen zugelassen.

➔ Niederquerschnittsreifen

Als Niederquerschnittsreifen werden die Reifen bezeichnet, deren Verhältnis von Höhe zu Breite kleiner 1 ist. Dies bedeutet, dass ein solcher Reifen im Querschnitt betrachtet eine geringere Höhe aufweist als er in der Breite misst (Abb.X). Aus der geringen Höhe bei größt möglicher Aufstandsfläche ergeben sich zum einen ein besseres Geradeauslauf- und Kurvenverhalten, sowie andererseits eine gesteigerte Kraftübertragung beim Bremsen und Beschleunigen.

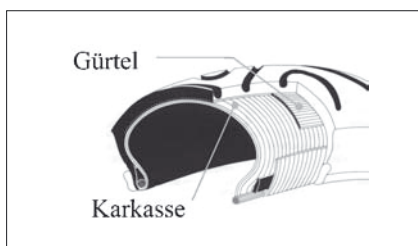

➔ Profiltiefe

Abgefarbene Reifen beeinträchtigen das Fahrverhalten maßgeblich und sind deshalb rechtzeitig zu ersetzen. Besonders der Vorderradreifen, der für die Fahrstabilität besonders wichtig ist, sollte ausgewechselt werden, wenn die Profiltiefe nur noch 2 mm beträgt. Auch ist es zu empfehlen, den Hinterradreifen bei einer Profiltiefe von 2 mm zu erneuern. Im Allgemeinen schreibt der deutsche Gesetzgeber für Motorräder ab 125 ccm eine Mindestprofiltiefe von 1,6 mm vor. Eine Ausnahme bilden hier Klein- und Leichtkrafträder, für welche mindestens 1,0 mm gefordert wird.

➔ Radialreifen

Bei dieser Reifenbauart sind die Karkassenfäden rechtwinklig zur Umfangrichtung angeordnet (Abb. X). Sie werden mit einem „R“ in der Dimensionsbezeichnung versehen, z.B.: 120/70 ZR 17 (58W) TL.

➔ Reifendimensionsbezeichnung

Können wie folgt angegeben sein:

130/90 - 15 M/C 66S = Niederquerschnittsreifen
4.00 - 18 M/C 64H = herkömmlicher Motorradreifen
2 3/4 - 16 M/C 36B = Reifen für Leichtkrafträder

Bei Niederquerschnittsreifen wird die Reifenbreite in mm angegeben, während es sich sonst um eine Angabe in Zoll (1 Zoll = 2,54 cm) handelt. Diese Daten sind auf der Seitenwand des Reifens festgehalten.

➔ Reifenkenngrößen

Zu den Reifenkenngrößen gehören die Dimension, der Last- und Geschwindigkeitsindex sowie die Angabe ob ein Schlauch verwendet werden muss.

➔ Reinforced (Rf. bzw. Reinf.)

So gekennzeichnete Reifen sind in verstärkter Bauweise gefertigt und zeichnen sich durch eine erhöhte Tragfähigkeit aus.

➔ Tragfähigkeitskennzahl

Siehe Lastindex

➔ Tubeless (TL = Schlauchlos)

Technische Bezeichnung für Reifen, welche mit geeigneter Felge, ohne Schlauch betrieben werden können. Die Verwendung von Luftschläuchen ist für Heidenau Schlauchlosreifen zulässig.

➔ Tubeless (TT = Schlauchmodell)

Bei Reifen mit der technischen Bezeichnung TT ist die Verwendung eines Schlauches vorgeschrieben.

➔ TWI (Treadwear Indicator)

Die auf der Lauffläche, in einer Profiltrille, aufgebrauchte Erhöhung dient zur Anzeige der Profilabnutzung. Ist die Lauffläche bis auf den Indikator abgefahren, so ist die gesetzliche Mindestprofiltiefe erreicht. (siehe Profiltiefe)

➔ Wulst

Die Verbindung vom Reifen zur Felge wird über die Wulst hergestellt. Die Enden der Karkassen werden um den Wulstkern, einen aus verdrehten Stahldrähten gefertigten Ring, umgeschlagen. Sie übernimmt dann die Aufgabe den Kraftschluss zwischen Reifen und Felge, der beim Bremsen und Beschleunigen erforderlich ist, herzustellen.

Regeln für die Sicherheit Ihrer Motorradreifen

Luftdruck

Reifen an Zweiradfahrzeugen übernehmen einen großen Anteil an der Fahrsicherheit und sollten deshalb richtig und in regelmäßigen Abständen geprüft werden.

Besonderes Augenmerk sollte hier, neben der Profiltiefe (s. Index), auf den Luftdruck gelegt werden.

Gerade zu geringer Luftdruck kann schwerwiegende Folgen haben, da es in diesem Fall zu einer übermäßigen Verformung der Seitenwände kommt. So ermüdet das Material schneller, was im Extremfall zum Versagen des Reifens führen kann.

Auch das „Hin- und Herwandern“ des Reifens, als Folge eines zu geringen Anpressdruckes an der Felge, führt häufig zu plötzlichem Druckverlust, wodurch für Reifen mit Schlauch zusätzlich die Gefahr besteht, dass es durch Überbeanspruchung zum Ausreißen des Ventils kommt.

Ein Reifen mit zu niedrigem Innendruck kann nur noch einen Teil der am Rad wirkenden Seitenkräfte aufnehmen, was sich dann in einem geminderten Kurven- und Lenkverhalten niederschlägt.

Auch ein zu hoher Luftdruck stellt ein Risiko für die Verkehrssicherheit dar, da mit einer Reduzierung der Feder- und Dämpfungseigenschaften sich auch das Fahrverhalten des Motorrads verschlechtert.

Die Reifen sollten deshalb regelmäßig auf den vom Hersteller im Handbuch oder direkt am Fahrzeug (z.B.: Schwinge, Sitz etc.) vorgeschriebenen Luftdruck überprüft, und gegebenenfalls auf ihn korrigiert werden. Zu beachten ist, dass eine ordnungsgemäße Überprüfung nur vor Fahrtantritt möglich ist, da sich im Fahrbetrieb ein durch die Reifenerwärmung bedingter Druckanstieg einstellt. Dieser darf nicht reduziert werden.

Zudem erhöhen Sie mit dem richtigen Luftdruck die Laufleistung ihrer Reifen, sparen Kraftstoff und steigern die Verkehrssicherheit ihres Motorrads.

Empfehlung

Empfehlung

- Luftdruck mindestens einmal pro Woche überprüfen
- beim Autobahneinsatz Luftdruck an beiden Rädern um 0,2 bar erhöhen
- im Sozusbetrieb Luftdruck am Hinterrad um 0,2 bar erhöhen
- nach der Kontrolle Ventilkappe wieder aufschrauben

Empfehlung

Lagerung

- Reifen sollten kühl, trocken, dunkel und leicht belüftet gelagert werden
- jeder Kontakt mit Chemikalien, Kraft- sowie Schmierstoffen ist zu vermeiden

Montage

- Wir empfehlen die Montage von Zweiradreifen immer von autorisierten Fachwerkstätten durchführen zu lassen.

Sollte der Reifenwechsel dennoch selbst vorgenommen werden, ist bei der Montage von Reifen mit Schlauch wie folgt vorzugehen:

- Zur Verbesserung der Gleitwirkung sollten Felgenhorn und Reifenwülste beidseitig mit Montagepaste eingestrichen werden.
- Mit der Demontage eines Reifens von der Felge am Ventil beginnen.
- Mit der Montage des neuen Reifens immer an der dem Ventil gegenüberliegenden Seite beginnen.
- Um Schlauch und Wulstzerstörungen zu vermeiden, ist es wichtig, den Reifen beidseitig vollständig ins Tiefbett zu drücken.
- Beim Auflegen mit dem Montierisen in kurzen Abständen (ca.10 cm) aufhebeln.
- Zur Entlastung den Reifen dabei an der Ventilstelle beidseitig ins Tiefbett drücken, um so die Restspannung zu reduzieren.
- Reifen soweit mit Luft befüllen, bis dieser korrekt auf der Felge sitzt. Danach Luft wieder ablassen.
- Nun kann am Reifen der Betriebsdruck eingestellt werden.
- Ventileinsatz vollständig einschrauben, Ventilmutter montieren und Schutzkappe aufdrehen.

- Die korrekte Montage von Schlauchlosreifen ist ohne einer entsprechenden Auflegvorrichtung nicht möglich, und somit unbedingt in der Fachwerkstatt vornehmen zu lassen.

Regeln für die Sicherheit Ihrer Motorradreifen

Beachten Sie bitte, dass Reklamationen von Reifen mit Beschädigungen an der Wulst, welche auf eine unsachgemäss Montage zurückzuführen sind, nicht anerkannt werden können.

- Bei der Montage eines neuen Reifens immer auch Schlauch bzw. Ventil erneuern.
- Die Bereifung von Motorrädern unterliegt gesetzlichen Bestimmungen, deren Nichteinhaltung zum Erlöschen der Betriebserlaubnis führt. Setzen Sie deshalb nur Reifen ein, welche für Ihr Fahrzeug freigegeben sind und beachten Sie die Montage- und Gebrauchshinweise.
- Bei der Verwendung von Schläuchen ist nur der dem Reifen zugeordnete Schlauch zu verwenden.
- Laufrichtungsgebundene Reifen sind mit einem an der Seitenwand aufgetragenen Pfeil versehen, welcher bei Vorwärtsfahrt mit der Drehrichtung des Rades übereinstimmen muss. (siehe Abb. S. 5)
- Speichenfelgen sind mit Felgenband zu montieren, um Beschädigungen durch die Speichenenden zu vermeiden.
- Die Verwendung von Luftschläuchen ist bei Heidenau-Schlauchlosreifen zulässig.
- Reifen dürfen nur auf technisch einwandfreie, und der Norm entsprechende Felgen montiert werden. Eine zu schmale oder zu breite Felge darf nicht verbaut werden, da die daraus resultierende Veränderung der Laufflächenkontur sich ungünstig auf das gesamte Fahrverhalten auswirkt.

Anmerkungen

- Reifen ab einem Felgendurchmesser von 13 Zoll sind in diesem Handbuch mit M/C gekennzeichnet, und dürfen nur auf Motorradfelgen montiert werden.
- Auf der folgenden Seite befindet sich ein Fax-Vordruck, mit dessen Hilfe Sie Ihre Anfragen bezüglich Reifenfreigaben an uns richten können. Füllen Sie dazu einfach eine Kopie des Vordrucks aus, und schicken Sie diese an die angegebene Fax – Nummer.
- Die Angaben im Abschnitt „Bereifung einzelner Fahrzeuge“ beziehen sich auf die durch Recherchen gewonnenen Informationen über die Originalbereifung der einzelnen Fahrzeuge. Sollten die Angaben in Ihrem Fahrzeugschein, von denen des Handbuches abweichen, so ist unbedingt der vom Fahrzeughersteller vorgeschriebene Reifen einzusetzen. Zudem besteht auch die Möglichkeit, nach fachkundiger Beratung geeignete Reifen durch Verkehrsüberwachungsorganisationen wie TÜV oder Dekra, eintragen zu lassen.
- Die Angaben im Abschnitt „Bereifung einzelner Fahrzeuge“ zur Verwendung von Schläuchen beziehen sich auf die Eignung des Reifens für den Betrieb ohne Schlauch bzw. mit Schlauch. Da die Verwendung von Luftschläuchen bei Heidenau-Schlauchlos Reifen zulässig ist, überprüfen Sie bitte selbst wie die Reifen an Ihrem Fahrzeug zu montieren sind. Diese Angaben finden Sie in Ihrem Fahrzeugschein.

Für Motorräder ohne Fabrikatsbindung

Bei Umrüstung auf ein anderes Reifenfabrikat gleicher Größe bestehen keine Einschränkungen. Allerdings wird eine Anfrage beim Reifenhersteller empfohlen, ob das Reifenfabrikat als geeignet für die Maschine angesehen wird. Dafür steht z.B. unsere Bereifungszuordnung auf www.reifenwerk-heidenau.de zur Verfügung.

Bei Umrüstung auf eine andere Reifengröße, bestätigt der Reifenhersteller über eine Service-Information, dass Einschränkungen an die Reifengröße eingehalten werden. Eine Änderungsabnahme sowie der Eintrag in die Fahrzeugpapiere sind nicht erforderlich. Die Änderung darf nicht beanstandet werden und die Service-Information sollte mit den Fahrzeugpapieren mitgeführt werden.

Für Motorräder mit Fabrikatsbindung

Sowohl bei Umrüstung auf ein anderes Fabrikat gleicher Größe als auch bei Umrüstung auf eine andere Reifengröße muss eine Unbedenklichkeitsbescheinigung des Reifenherstellers vorliegen und mit den Fahrzeugpapieren mitgeführt werden. Die verfügbaren UBB's finden Sie auf unserer Internetseite unter www.reifenwerk-heidenau.de. Eine Änderungsabnahme sowie der Eintrag in die Fahrzeugpapiere ist nicht erforderlich.

In allen Fällen müssen die Reifen eine Typgenehmigung nach der Richtlinie 97/24/EG oder der UNECE Regelung Nr. 75 aufweisen. Zu erkennen ist dies anhand der Kennzeichnung mit einem „e“ bzw. einem „E“ auf der Reifenseitenwand.

Moped, Mofa-Roller, Kleinkraftrad

M 3, M 4, K 30, K 36/1

Klassische Profile für Fahrzeuge der unteren Hubraumklasse, die sich durch ihr gutes Handling und ihre hohe Laufleistung auszeichnen.

M3

2 1/4 - 16 (20x2.25)	26 B		M 3
2 1/4 - 17 (21x2.25)	28 B		M 3
2 1/4 - 19 (23x2.25)	32 S		M 3

M4

2 1/4 - 16	26 B		M 4
2 1/4 - 17	28 B		M 4

K30

2 1/2 - 16 (20x2.50)	31 B		K 30
2 3/4 - 16 (20x2.75)	36 J		K 30

K36/1

2.50 - 16	41 J	Reinf.	K 36/1
2 3/4 - 16	46 J	Reinf.	K 36/1
2 1/2 - 17 (21x2.50)	33 J		K 36/1
2.50 - 17	43 J	Reinf.	K 36/1
2 3/4 - 17 (21x2.75)	47 J	Reinf.	K 36/1

➔ K55, K56

Sportliche Profile für kleinere Fahrzeuge. Ausgezeichnete Stabilität und hohe Laufleistung wird durch den Profilaufbau garantiert.

K55

2 3/4 - 16	46 J	Reinf.	K 55
2.75 - 16 M/C	46 P	Reinf.	K 55

K56

➔ K76

Der K 76 ist ein Langstrecken - Reifen für mittlere bis schwere Enduros. Seine Stärken sind sein neutrales Handling, sehr hohe Laufleistung und gutes Feedback bei allen Witterungen. Auch auf unbefestigten Wegen ist er ein guter Begleiter.

K76

120/90 - 17 M/C TL	68 T	Reinf.	K 76
130/80 - 17 M/C TL	65 H		K 76

110/80 B 19 M/C TL	59 H		K 76
90/90 - 21 M/C TL	54 H		K 76

➔ K52, K69, K70, K74, K78, K79

Die Palette der Heidenau Cross Reifen erstreckt sich von den Alleskännern bis hin zu den Spezialisten für die jeweiligen Bodenverhältnisse.

K52

2.50/2.75 - 16 M/C	46M		K 52
--------------------	-----	--	------

Der Alleskänner eignet sich für jedes Anwendungsgebiet. Speziell für Simson Fahrzeuge geeignet.

Die K 69 Paarung eignet sich speziell für den Einsatz auf harten, steinigem Untergrund. Durch die speziell angeordneten seitlichen Stollen wird eine gute Kurvenstabilität gewährleistet.

**K69
rear**

110/100 - 18 M/C	64 S		K 69 rear
110/90 - 19 M/C	62 S		K 69 rear

**K69
front**

3.00 - 21 M/C	51 S		K 69 front
80/100 - 21 M/C	51 S		K 69 front
90/90 - 21 M/C	54 S		K 69 front

Diese Cross Paarung bietet den besten Vortrieb auf mittlerem Untergrund. Durch die hohe Selbstreinigung ermöglicht er beste Traktion und Beschleunigung auf diesen Böden.

**K70
rear**

100/90 - 19 M/C	57 M	NHS	K 70 rear
110/90 - 19 M/C	62 M	NHS	K 70 rear

Allgemeine Geschäftsbedingungen

Reifenwerk Heidenau GmbH & Co. Produktions KG für Gummi- und Kunststoffartikel

Stand: 1.8.2007

I. Gültigkeit

Die nachfolgenden Allgemeinen Verkaufs- und Lieferbedingungen gelten, soweit im Einzelfall nicht schriftlich etwas Abweichendes vereinbart wird, für alle gegenwärtigen und zukünftigen Geschäfte zwischen uns und dem Käufer. Abweichende Geschäftsbedingungen des Käufers - gleich welcher Art - die wir hiermit ausdrücklich ablehnen, werden auch dann nicht Vertragsgegenstand, wenn wir ihnen nicht widersprechen. Sondervereinbarungen bedürfen der schriftlichen Zustimmung unserer dafür bevollmächtigten Mitarbeiter. Unsere Allgemeinen Verkaufs- und Lieferbedingungen gelten nicht bei Lieferungen an Endverbraucher.

II. Vertragsabschluss

Aus einem Angebot werden wir erst verpflichtet wenn wir dieses schriftlich annehmen und der Käufer das von ihm unterzeichnete Doppel der Annahme zurückgesandt hat. Wir sind zum Rücktritt vom Vertrag berechtigt, sobald wir Kenntnis davon erhalten, dass unsere Käufer nicht an Endabnehmer oder vom uns autorisierte Unterhändler zu liefern beabsichtigen.

III. Liefergegenstand

Waren- und Leistungsangaben für von uns zu liefernde Gegenstände sind für uns nur verbindlich, soweit sie sich aus einem nach gültigen Prospekt abgegebenen oder von uns ausdrücklich schriftlich bestätigt werden. Im Zweifelsfall gelten die Angaben unserer schriftlichen Bestätigung, Gestalterische und konstruktive Änderungen, die wir aufgrund technischer Fortschritts oder nach unserem Ermessen für zweckmäßig halten, bleiben vorbehalten. Abweichungen von in unseren Prospekt oder Warenlisten angegebenen Größen für Maße und Gewichte sowie der Liefermenge bei Bestellungen von Sonderanfertigungen sind zulässig, wenn diese Abweichungen 10 % nicht überschreiten und die Tauglichkeit des Liefergegenstandes für den vorgesehenen Zweck nicht beeinträchtigen.

IV. Lieferzeit

Um die Einhaltung der in einer Bestellung angegebenen Fristen und Termine sind wir stets bemüht. Die Angaben zu Liefer- und Leistungszeiten sind grundsätzlich nur Richtwerte und daher für uns unverbindlich. Der Käufer kann uns drei Wochen nach Überschreitung eines solchen Orientierungstermins schriftlich eine angemessene Lieferfrist setzen. Erst nach Ablauf dieser Frist ist der Käufer berechtigt, uns eine Nachfrist mit dem Hinweis zu setzen, dass er die Abnahme der Ware nach Ablauf der Nachfrist ablehnt. Schadensersatzansprüche wegen Lieferverzugs stehen dem Käufer nur dann zu, wenn unsere gesetzlichen Vertreter oder leitenden Angestellten die Verzögerung vorsätzlich oder grob fahrlässig verursacht haben. Bei höherer Gewalt, Arbeitskampfmaßnahmen, behördlichen Maßnahmen, unverschuldeten Betriebs- oder Verkehrsstörungen, Feuer, Überschwemmungen, Wasserschäden, Energie- oder Rohstoffmangel verlängert sich die Lieferfrist bzw. Nachfrist ohne weiteres um die Dauer dieser jeweiligen Störung.

V. Verpackung, Lieferung, Versand, Gefahrgüter, Versicherung und Abnahme

- Teillieferungen sind zulässig. Die Wahl des Verpackungsmaterials und die Verpackung obliegt uns. Es bleibt uns vorbehalten, nach unserer Wahl franko Post, franko jeder deutschen Bahnstation oder franko auf sonst üblichem Wege zu liefern. Wünscht der Käufer beschleunigte Versendung (z. B. Luftfracht Express), so trägt er die Differenz zwischen den Kosten für Frachtgut und den höheren Aufwendungen. Rollgeld geht zu Lasten des Käufers. Eine Vergütung für Selbstabholung wird nicht gewährt. Soweit hiernach die Kosten der Versendungen nicht von uns getragen werden, trägt sie der Käufer.
- Die Gefahr des zufälligen Untergangs oder der zufälligen Verschlechterung geht mit Auslieferung der Ware an den Versandbeauftragten, spätestens jedoch mit dem Verlassen eines unserer Lager oder eines unserer Kommissionslager auf den Käufer über, und zwar unabhängig davon, ob die Versendung vom Erfüllungsort aus vorgenommen wird und wer die Frachtkosten trägt. Verzögert sich der Versand infolge von Umständen, die der Käufer zu vertreten hat, so geht die Gefahr vom Tage der Versandbereitschaft an auf den Käufer über. Die Ware wird auf Gefahr des Käufers versendet, unabhängig von der Versendungsart. Ausgenommen hiervon sind Nachbestellungen zur Auffüllung unserer Kommissionslager. Die Gefahr der nachbestellten Ware geht bei Ankomst im Kommissionslager auf den Käufer über. Weitere Rechte und Pflichten ergeben sich aus der „Kommissionslager-Vereinbarung“.
- Angelieferte Waren sind, auch wenn sie unwesentliche Mängel aufweisen, vom Käufer entgegenzunehmen. Die Abnahme der angelieferten Waren hat unverzüglich bei Anlieferung zu erfolgen. Geschieht dies nicht, so können wir nach unserer Wahl nach Ablauf einer gesetzten Nachfrist von einer Woche entweder die sofortige Zahlung des Kaufpreises verlangen oder vom Vertrag zurücktreten oder Schadensersatz verlangen. Die Rückgabe bereits verkaufter Ware ist ausgeschlossen.
- Den Empfang der Ware hat der Käufer ausschließlich auf den warenbegleitenden Lieferscheinen bzw. auf Versandpapieren von Paketdiensten oder anderen Transportunternehmen mit Stempel, Empfangsdatum und Unterschrift oder, soweit vorgesehen, elektronisch zu quittieren.
- Eine Rückgabe vertragsgemäß gelieferter Ware ist grundsätzlich ausgeschlossen. In Ausnahmefällen können wir diese in mangelfreiem Zustand zum Einkaufspreis zurücknehmen und eine Pauschale für die durch die Rücknahme entstehenden Kosten in Höhe von 10 % des Einkaufspreises berechnen. Die Gutschrift für die Warenrückgabe erfolgt unter Berücksichtigung aller Konditionsbestandteile und nach positivem Ergebnis unserer Qualitätsprüfung.

VI. Preise und Zahlung

- Alle angegebenen Preise verstehen sich zuzüglich gesetzlicher Mehrwertsteuer. Lieferung und Berechnung erfolgen zu dem am Tag des Versandes oder der Abholung gültigen Gesamtpreisen (Listenpreis und MwSt) und Bedingungen.
- Unsere Rechnungen sind porto- und spesenfrei zu bezahlen. Wir behalten uns vor, bei Bezahlungen nach Fälligkeit Fälligkeitsszinsen in Höhe von 8 % über dem Basiszinssatz der Deutschen Bundesbank zu berechnen. Für die Geltendmachung von Verzugszinsen bzw. die Geltendmachung eines Verzugschadens gelten die gesetzlichen Bestimmungen. Das Recht einen weitergehenden Verzugschaden geltend zu machen, wird durch diese Regelung nicht berührt. Wir behalten uns vor, eingehende Zahlungen zur Begleichung der ältesten Forderung zuzüglich der darauf aufgelaufenen Verzugszinsen sowie entstandene Kosten zu verrechnen.
- Ist der Käufer mit einer fälligen Zahlung im Rückstand oder haben wir begründete Zweifel an der Bonität des Käufers, so können wir für noch ausstehende Lieferungen unter Fortfall des Zahlungszieles Vorkasse verlangen. Außerdem können wir von allen bestehenden Verträgen ganz oder teilweise zurücktreten. Die Lieferfrist für alle noch nicht gelieferten Waren verlängert sich bis zur vollständigen Bezahlung. Wir sind auch berechtigt, für unsere Forderungen eine nach unserem Ermessen ausreichende Sicherheit zu verlangen. Kommt der Käufer dem nicht nach, so können wir unsere sämtlichen Forderungen sofort fällig stellen.
- Zur Aufrechnung gegen unsere Zahlungsansprüche oder zur Ausübung von Zurückbehaltungsrechten ist der Käufer nur berechtigt, soweit seine Forderungen gegen uns unbestritten oder rechtskräftig festgestellt sind.

VII. Eigentumsvorbehalt

- Die Ware bleibt bis zur vollständigen Bezahlung unserer sämtlichen auch künftigen entstehenden Forderungen aus den Geschäftsverbindungen mit dem Käufer bzw. bis zur Einlösung sämtlicher mit der Lieferung der Ware in Verbindung stehender Zahlungsmittel unser Eigentum. Einzelst sind Zahlungsmittel, wenn sie unserem Konto unwiderruflich gutgeschrieben sind. Bei laufenden Rechnungen gilt das vorbehaltene Eigentum als Sicherheit für unsere Saldoforderung.
- Der Käufer ist, solange er Händler ist, befugt, unser Eigentum im ordnungsgemäßen Geschäftsverkehr zu veräußern, jedoch auch seinerseits ebenfalls nur unter Eigentumsvorbehalt. Diese Befugnis erlischt, wenn sich der Käufer mit einer Zahlung aus der mit uns bestehenden Geschäftsverbindung in Verzug befindet oder mit seinen Kunden Unabtreibarkeit der Forderung vereinbart. Die Verpändung oder die Sicherungsübereignung der unter unserem Eigentum stehenden Ware ist ausgeschlossen. Die Forderung des Käufers aus der Weiterlieferung wird bereits jetzt mit allen Nebenrechten an uns abgetreten, und zwar gleichgültig, ob sie allein oder zusammen mit anderen Gegenständen geliefert wird. In letzteren Fällen wird die Forderung in Höhe des Anteils des Wertes unserer Ware an uns abgetreten. Ist zwischen dem Käufer und dessen Kunden eine Kontokorrentabrede getroffen worden, so wird hiermit der jeweilige Saldo zu Gunsten des Käufers an uns abgetreten, und zwar bis zur Höhe unserer ausstehenden Rechnung. Der Käufer ist verpflichtet uns im Falle eines Weiterverkaufs Namen und Anschrift des Kunden jederzeit auf Anforderung zu benennen, die Forderungen aus vom Käufer zahlungshalber oder an Zahlungs statt hereingenommenen Wechsel werden bereits jetzt an uns abgetreten. Die Übergabe der Wechsel wird dadurch ersetzt, dass der Käufer die hereingenommenen Wechsel für uns verwahrt. Die an uns abgetretenen Forderungen dienen zur Sicherheit unserer sämtlichen, auch künftigen entstehenden Forderungen.
- Der Eigentumsvorbehalt erstreckt sich auch auf die durch Verarbeitung, Vermischung oder Verbindung unserer Ware entstehenden Erzeugnisse zu deren vollem Wert. Be- und Verarbeitung erfolgen stets für uns unter Ausschluss des Eigentumsverwerbs, des Be- oder Verarbeiters nach § 950 BGB, jedoch ohne uns zu verpflichten. Wird die Ware mit anderen Gegenständen vermischt, verbunden oder verarbeitet, so tritt der Käufer, soweit wir nicht ohnehin Miteigentümer der neuen Sache nach dem Verhältnis des Wertes der Vorbehaltsware (Einstandspreise) zu dem der anderen Ware im Zeitpunkt der Vermischung, Verbindung oder Verarbeitung geworden sind, schon jetzt sein Eigentums- bzw. Miteigentums- und Besitzrecht an der neuen Gesamtheit an uns ab und verwahrt sie für uns.
- Im Fall eines Insolvenzverfahrens ist der Käufer verpflichtet, jedem Dritten durch Beschädigung oder auf sonstige Weise die Ware als unser Eigentum kenntlich zu machen. Bei einem Eigenantrag hat dies vor Anfertigung, bei einem Gläubigerantrag unverzüglich nach Anhörung des Schuldners - spricht des Käufers - zu erfolgen. Das Gleiche gilt bei Pfändungsmaßnahmen Dritter gegen den Käufer. Über den Eintritt eines solchen Ereignisses sind wir unverzüglich telefonisch und sodann schriftlich zu informieren. Solange eine Forderung unsererseits besteht, sind wir berechtigt, vom Käufer jederzeit Auskunft zu verlangen, welche unter Eigentumsvorbehalt gelieferte Ware noch in seinem Besitz ist und wo sie sich befindet. Darüber hinaus ist der Käufer verpflichtet, uns unverzüglich Änderungen des Verwahrungsortes unter Angabe des neuen Verwahrungsortes mitzuteilen. Wir sind ferner berechtigt, diese Ware jederzeit an der Stelle, an der sie sich befindet, zu besichtigen. Bei vertragswidrigem Verhalten des Käufers, insbesondere bei Zahlungsverzug, sind wir nach Mahnung zum Rücktritt vom Vertrag berechtigt. Der Besteller ist dann zur Herausgabe verpflichtet. Aufgrund des Eigentumsvorbehalts können wir den Liefergegenstand nur dann herausverlangen, wenn wir vom Vertrag zurückgetreten sind. Das Recht, Schadensersatz wegen Nichterfüllung zu

verlangen, bleibt vom Rücktritt unberührt. Wir werden jedoch versuchen, die zurückgenommene Ware bestmöglich zu verkaufen. Der Erlös wird auf unseren Schadensersatzanspruch angerechnet.

- In allen Fällen sind wir berechtigt, unsere Rücknahmekosten pauschal in Höhe von 10 % des Nettorechnungsbetrages der zurückgenommenen Waren sowie weitere 10 % als pauschalen Schadensersatz geltend zu machen, unbeschadet unserer Berechtigung zum Nachweis höherer Kosten bzw. eines höheren Schadens. Dem Käufer bleibt der Nachweis einer geringeren tatsächlichen Wertminderung und geringerer Rücknahmekosten vorbehalten.
- Der Käufer trägt die Gefahr für die von uns gelieferte Ware und ist verpflichtet, sie sorgfältig zu verwahren und ausreichend gegen Verlust (Diebstahl, Wasser, Feuer usw.) zu versichern. Er tritt den Anspruch gegen die Versicherung für den Fall eines Schadens hiermit im Voraus an uns ab, und zwar einen erstarrigen Teilbetrag in Höhe des Kaufpreises der von uns unter Eigentumsvorbehalt gelieferten Ware.
- Auf Verlangen des Käufers sind wir zur Übertragung des von uns vorbehaltenen bzw. zustehenden Eigentums oder sonstigen Sicherungsmitteln verpflichtet wenn und soweit unsere Sicherung unsere jeweils zu sichernde Gesamtforderung um 50 % übersteigt.

VIII. Rügepflicht und Mängelansprüche

- Der Käufer hat die Ware sofort nach Anlieferung sorgfältig zu untersuchen und uns einen Mangel vollständig anzuzeigen. Differenzen im Lieferumfang sind auf den Liefer- bzw. Frachtpapieren (vgl. Ziffer V. 3) zu vermerken. Mängel der Verpackung sind unbeachtlich, solange diese die Tauglichkeit der Ware nicht beeinträchtigen. Die Mängelanzeige muss schriftlich und unverzüglich erfolgen. Spätere Anzeigen von Mängeln, die bei sorgfältiger Untersuchung nach Erhalt der Ware hätten entdeckt werden können, sind unbeachtlich und begründen keine Ansprüche des Käufers. Mängel, die trotz sorgfältiger Prüfung nicht entdeckt werden konnten, sind uns unverzüglich nach Entdeckung schriftlich mitzuteilen. Auch hier führt die Versäumung der unverzüglichen Mitteilung des Mangels zur Unbeachtlichkeit der Mängelanzeige und des Verlustes aller Ansprüche. Unsere Angestellten sind nicht befugt, mündliche oder telefonische Beanstandungen anzunehmen. Mängelansprüche bestehen nicht bei nur unerheblicher Abweichung von der vereinbarten Beschaffenheit oder bei nur unerheblicher Beeinträchtigung der Brauchbarkeit.
- Unter Voraussetzung rechtzeitiger und vollständiger Mängelanzeige ist der Rückgriff der direkt von uns belieferten Käufer nur für solche neu hergestellten Reifen möglich, die unserer Qualitätssicherungsabteilung zur Begutachtung zusammen mit einem ordnungsgemäß und vollständig ausgefüllten und im Falle bereits erfolgter Weiterveräußerung vom Endverbraucher persönlich unterschriebenen Gewährleistungsformular zugesandt wurden. Bei berechtigten Mängelanzeigen sind wir zur Rückerstattung des Kaufpreises, zur Nachbesserung oder zur Lieferung mangelfreier Ersatzware innerhalb von vier Wochen nach Empfang der beanstandeten Ware verpflichtet. Das Wahrecht zwischen Mängelbezeichnung und Neulieferung steht in jedem Fall zu uns. Im Fall des Rücktritts oder der Nachlieferung berechnen wir dem Käufer einen Abzug, der dem Abnutzungsgrad des mangelhaften Reifens entspricht. Mit Erbringung der Gewährleistung geht der mangelhafte Gegenstand in das Eigentum von uns über. Der Rückgriff ist ausgeschlossen, wenn die Gewährleistungspflicht des Käufers auf einer Garantie des Käufers beruht, die über die gesetzlichen Mängelansprüche hinausgeht. Die Verjährungsfrist beginnt mit dem Übergang auf den Käufer. Durch eine eventuelle Nachlieferung wird die Verjährungsfrist wieder gehemmt noch unterbrochen.
- Mängelansprüche sind unter folgenden Voraussetzungen ausgeschlossen:
 - a) sofern uns der beanstandete mangelhafte Reifen nicht vorgelegt wird und/oder das Gewährleistungsformular nicht vollständig ausgefüllt und vom Endverbraucher persönlich unterschrieben ist;
 - b) sofern der Sachmangel auf Handlungen des Käufers oder seiner Erfüllungsgehilfen beruht oder wenn der Käufer oder dessen Erfüllungsgehilfen die Montage unsachgemäß durchgeführt haben;
 - c) sofern die Verpflichtung des Käufers gegenüber dem Endverbraucher auf einer Garantie des Käufers beruht, die über die gesetzlichen Mängelansprüche hinausgeht;
 - d) sofern an unseren Produkten unsachgemäße Eingriffe und Reparaturen, Runderneuerungen oder Bearbeitungen in sonstiger Weise durch andere als von uns vorgenommen wurden;
 - e) sofern der von uns bzw. vom Erstaussatter/ Fahrzeughersteller empfohlene bzw. der normgerechte Reifenfülldruck nicht eingehalten wurde;
 - f) sofern der Reifen einer vernunftswidrigen Beanspruchung ausgesetzt war, wie beispielsweise durch Überschreiten der zulässigen Belastung und der jeweils zugelassenen Höchstgeschwindigkeit oder im Rallye- und/oder Rennsattel; oder
 - g) sofern der Reifen durch unrichtige Radstellung schadhaft wurde oder durch andere Störungen im Radlauf (z. B. dynamische Unwucht) in seiner Leistung beeinträchtigt wurde oder sofern dieser von Dritten runderneuert wurde;
 - h) sofern der Reifen auf einer ihm nicht zugeordneten, nicht lehrenhaltigen, rostigen oder in sonstiger Weise mangelhaften Felge montiert war;
 - i) sofern der Reifen durch äußere Einwirkung oder mechanische Verletzung schadhaft geworden oder äußerer Erhitzung ausgesetzt gewesen ist;
 - j) sofern natürlicher Verschleiß oder Beschädigungen vorliegen, die ganz allgemein auf unsachgemäße Behandlung, z. B. nicht sachgerechte Profiländerungen, Einkerbungen usw. oder auf einen Unfall zurückzuführen sind;
 - k) sofern der Reifen Schäden aufweist, die mit der Anbringung von Spikes, Nocken usw. durch fremde Hand in Zusammenhang stehen;
 - l) sofern an den Reifen Produktveränderungen im Sinne von Ziffer X. unserer AGB vorgenommen wurden.
- Weitergehende Ansprüche auf Schadensersatz wegen Mängeln richten sich nach Ziffer IX. (Haftungsumfang) dieser Allgemeinen Verkaufs- und Lieferbedingungen.
- Gewährleistungsansprüche gegen uns verjähren nach 1 Jahr.

IX. Haftungsumfang

- Schadens- und Aufwendungsersatzansprüche des Käufers gegenüber uns, unseren Organen, gesetzlichen Vertretern und/oder Erfüllungsgehilfen (im Folgenden: „Schadensersatzansprüche“), gleich aus welchem Rechtsgrund, insbesondere wegen der Verletzung des Schuldverhältnisses und/oder aus unerlaubter Handlung sind ausgeschlossen. Das gilt nicht, soweit uns, unseren Organen, unseren gesetzlichen Vertretern und/oder Erfüllungsgehilfen Vorsatz oder grobe Fahrlässigkeit zur Last fällt und/oder bei der Verletzung von wesentlichen Vertragspflichten. Falls für die Verletzung wesentlicher Vertragspflichten gehaftet wird, ist der Umfang der Haftung auf den Ersatz des typischen vorhersehbaren Schadens begrenzt, wenn uns, unseren Organen, gesetzlichen Vertretern und/oder unseren Erfüllungsgehilfen nur einfache Fahrlässigkeit zur Last fällt, wobei bei einfachen Erfüllungsgehilfen diese Begrenzung des Haftungsumfanges bei jeder Fahrlässigkeit gilt.
- Die Haftungsbegrenzungen aus Abs. 1 gelten nicht, soweit wir zwingend haften, z. B. nach Produkthaftungsgesetz und/oder bei der Verletzung des Lebens, des Körpers und/oder der Gesundheit.

X. Produktveränderungen

Der Käufer ist verpflichtet, HEIDENAU Erzeugnisse an Dritte zu verkaufen, wie sie von uns klassiert wurden (z. B. renoviert, repariert) und seinen Kunden die genaue Beschaffenheit an technischen Details dieser Ware zu erläutern. HEIDENAU Erzeugnisse, an denen seit der Lieferung durch uns Veränderungen vorgenommen wurden, insbesondere deren Seriennummern ausgeschlossen wurden oder deren Qualität gemindert ist, dürfen nicht im Straßenverkehr benutzt oder an Dritte ausgeliefert werden. Der Käufer hat bei einem Verstoß gegen die Verpflichtungen, eine von uns nach billigem Ermessen zu bestimmende Vertragsstrafe zu zahlen, die im Streitfall vom Landgericht Dresden festgesetzt wird. Darüber hinaus hat er uns sämtliche aus seiner Verletzung dieser Verpflichtungen resultierenden Schäden, einschließlich mittelbarer Folgeschäden unverzüglich zu ersetzen.

XI. Erfüllungsort, Gerichtsstand und anwendbares Recht

- Erfüllungsort und Gerichtsstand für sämtliche gegenwärtigen und zukünftigen Ansprüche aus der Geschäftsverbindung mit uns, einschließlich Wechsel und Scheckforderungen, ist für beide Teile ausschließlich Heidenau.
- Für alle Vereinbarungen und Rechtshandlungen findet ausschließlich deutsches Recht Anwendung unter Ausschuss der einheitlichen Gesetze über den internationalen Kauf beweglicher Sachen.

XII. Nebenabreden

Nebenabreden werden nur wirksam, soweit sie durch uns schriftlich bestätigt werden. Das Gleiche gilt auch für eine Änderung dieser allgemeinen Verkaufs- und Lieferbedingungen, insbesondere dieser Bestimmung.

XIII. Auslegungsregel

Für den Fall, dass eine oder mehrere Bestimmungen dieser allgemeinen Verkaufs- und Lieferbedingungen unwirksam sind oder unwirksam werden, bleiben die übrigen Bestimmungen davon unberührt. Die Parteien sind vielmehr verpflichtet, die unwirksame Bestimmung durch diejenige Regelung zu ersetzen, die ihrem in diesen allgemeinen Verkaufs- und Lieferbedingungen zum Ausdruck gekommenen Sinn am nächsten kommt.

XIV. Datenschutz

Der Besteller wird darauf hingewiesen, dass gegebenenfalls personenbezogene Daten bei uns gemäß den Vorschriften des BDSG gespeichert und bearbeitet werden.

XV. Zusätzliche Bestimmung für den elektronischen Geschäftsverkehr

- Wir sind nicht verpflichtet, unseren Kunden technische Mittel zur Verfügung zu stellen, um eventuelle Eingabefehler bei der Bestellung unserer Käufer zu erkennen bzw. zu korrigieren. Ebenso wenig sind wir verpflichtet, vor Abgabe der Bestellung unserer Käufer besondere Informationen über den Vertrag im elektronischen Geschäftsverkehr zu erteilen. Die diesem Vertrag zugrunde liegenden Vertragsbedingungen und die bei Vertragsabschluss gültigen Allgemeinen Verkaufs- und Lieferbedingungen können unsere Käufer abspeichern und ausdrucken.
- Soweit gemäß dieser Allgemeinen Verkaufs- und Lieferbedingungen Erklärungen schriftlich abzugeben sind, kann die Schriftform nicht durch die Übersendung einer E-Mail ersetzt werden.
- Die Daten unserer Käufer werden ausschließlich für die Auftragsabwicklung gemäß deutschem Datenschutzrecht verwendet.
